INDEPENDENT AUDITOR'S REPORT

**To the Members of Kids Can Free The Children
Toronto, Ontario**

We have audited the statements of financial position of **Kids Can Free The Children** as at March 31, 2012 and the statements of revenue and expenditures, changes in net assets and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian generally accepted accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. Except as explained in the following paragraph, we conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform an audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

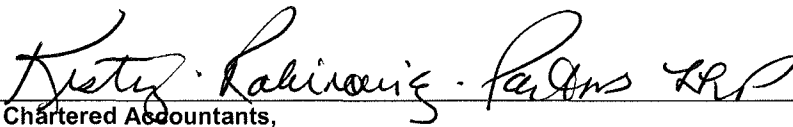

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

In common with many charitable organizations, the organization derives revenue from donations, the completeness of which is not susceptible of satisfactory audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of the organization and we were not able to determine whether any adjustments might be necessary to donation revenues, excess or deficiency of revenue over expenditures, assets and net assets.

Opinion

In our opinion, except for the effect of adjustments, if any, which we might have determined to be necessary had we been able to satisfy ourselves concerning the completeness of the donations referred to in the preceding paragraph, these financial statements present fairly, in all material respects, the financial position of the organization as at March 31, 2012, and the results of its operations and cash flows for the year then ended, in accordance with Canadian generally accepted accounting principles.

KIDS CAN FREE THE CHILDREN

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2012

1/ PURPOSE OF ORGANIZATION

Kids Can Free The Children is an organization which is committed to creating a network of children helping children through representation, leadership and action, and dedicated to reducing poverty and the exploitation of children around the world.

The organization was incorporated under the provision of Part II of the Canada Corporations Act as a non-profit corporation, without share capital. As a result, the organization is exempt from income tax under Section 149 of the Income Tax Act, Canada.

2/ ACCOUNTING POLICIES

Revenue recognition

The organization follows the deferral method of accounting for contributions, which are mainly comprised of cash donations, donations-in-kind, and public and private grants. Restricted contributions are recognized as revenue in the year in which the related expenses are incurred. Unrestricted contributions are recognized as revenue when received or receivable, if the amount to be received can be reasonably estimated and collection is reasonably assured.

Donations-in-kind

Contributions of materials are recognized when a fair value can be reasonably estimated and when the materials are used in the normal course of the organization's operation and would otherwise have been purchased. While the organization also benefits from volunteer time, the value of this volunteer time has not been reflected in these statements.

Investment income

Investment income is recorded on the accrual basis, includes interest income, dividends, net gain (loss) on sale of investments and change in unrealized gains (losses) on investments.

Allocation of expenses

Expenses are recorded and reported by program and support services. Certain officers and employees perform a combination of program, fundraising and administrative activities; as a result, salaries are allocated based on *time dedicated to each activity*. *Other operating and general costs, such as postage, printing and copying costs* have been allocated based on the actual utilization of such expenses. Allocations are reviewed annually, updated and applied on a prospective basis.

NOTES TO FINANCIAL STATEMENTS
MARCH 31, 2012

2/ ACCOUNTING POLICIES (Continued)

Cash and cash equivalents

Cash and cash equivalents consist of cash on hand, balances with banks, term deposits and balances in money market funds that mature in a short-term period.

Marketable securities

Marketable securities are classified as held for trading and recorded at fair market value determined based on quoted price in the active market. Unrealized gains or losses are recognized in the income statement of the current period. Dividend income is recognized when received.

Amortization

Property and equipment are recorded at cost and amortized on the declining-balance basis using the following annual rates:

Buildings	-	4%
Computer equipment	-	30%
Furniture and fixtures	-	20%
Vehicles	-	30%

Translation of foreign currencies

Accounts in foreign currencies have been translated into Canadian dollars using the temporal method. Under this method, monetary assets and liabilities are translated at the rate in effect at the balance sheet date. Non-monetary assets are translated using historic rates. Revenue and expenses are translated at the average rate during the year. Exchange gains and losses on monetary items are taken into income in the current year.

Use of estimates

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reported year. These estimates are reviewed yearly and, as adjustments become necessary, they are reported in earnings in the year in which they become known.

NOTES TO FINANCIAL STATEMENTS MARCH 31, 2012

2/ ACCOUNTING POLICIES (Continued)

Future accounting changes

New accounting framework

The Canadian Institute of Chartered Accountants (CICA) has issued a new accounting framework applicable to not-for-profit organizations. Effective for fiscal years that commence on or after January 1, 2012, not-for-profit organizations will have to choose between International Financial Reporting Standards (IFRSs) and GAAP for not-for-profit organizations, whichever suits them better. The organization plans to adopt the new accounting standards for not-for-profit organizations for its fiscal year beginning on April 1, 2012. The effects of this transition has not yet been determined.

3/ ACCOUNTS RECEIVABLE

Accounts receivable are donations receivable from various corporate donors. As all amounts are considered collectible, no provision for allowance has been provided.

4/ PROPERTY AND EQUIPMENT

	Cost	Accumulated Amortization	Net Book Value
